CASH PLAN: This plan earns free boxing. On bulky stock, boxing sometimes amounts to 6 or 8%.

NOTICE!

If Remittances are received by us on or before March 1, 1932, we will allow 2% Discount. Under this plan, we book the order and reserve the stock until you wish shipment. After March 1, 1932 we will box free of charge for cash with order.

PARTIAL PAYMENT PLAN: Whereby one-third amount of order is remitted in advance, and the balance goes forward Freight or Express C. O. D. payable at destination.

CREDIT: We extend the usual terms of credit to regular customers and to parties known to us; otherwise we require cash in advance or satisfactory reference with sufficient time before shipment to make necessary investigation. We will not accept orders until we believe that the buyer is good for the account. Fall shipments due December 1st, Spring shipments due June 1st.

PRICES: On amounts above 5 and under 10 apply ten rate. On amounts 25 and over apply 100 rate. On amounts 250 and over apply 1000 rate.

Guaranty: While we exercise the utmost diligence and care to have our stock true to name and hold ourselves in readiness on proper proof, to replace all trees, etc., that prove otherwise, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that we shall not in any case be liable for any sum greater than the amount originally received for said trees, etc., that prove untrue.

All orders are accepted by us upon the mutual agreement between the purchaser and ourselves that we shall not be responsible for other damages.

This catalogue cancels all previous price lists.

A certificate of inspection will accompany each order.

CLAIMS: No claims for rejections or deficiencies will be entertained unless made within five days after arrival of goods. In no case will we assume responsibility after consignment to purchaser. When losses occur by delays or other causes of whatever nature while goods are in transit, make claim **AT ONCE** on the forwarding companies.

CAUTION: We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hail storms or other causes over which we have no control.

PACKING: Packing will be done in the best possible manner, and charged for at the cost of material used. Boxes and bales delivered free of charge to all railway stations. After goods are delivered to forwarder in good condition our responsibility ceases.

REFERENCE: Onarga State Bank, Onarga, Ill. Mercantile Agencies.

All goods sold by us are sold f. o. b. point of shipment, and while in transit are at purchaser's risk. We feel it is our duty to emphasize the fact that we do not insure the safe delivery of goods and that the title of any goods sold by us and consigned to the purchaser or consignee designated by purchaser passes to the purchaser upon delivery by us to the carrier at point of shipment.

And we desire to make it clear to the trade that the railroad or Express Company's receipt relieves us of all responsibility, and any claim for damages should be made immediately to the agent at the point of delivery.

Chaplin's Pink Climber, A pink replica of Paul's Scarlet Climber of which it is a seedling. Blooms in clusters of 8 to 12 fairly large flowers. It is clear pink with a tuft of yellow stamens.

Le Reve, The long-wanted, absolutely hardy, unfading yellow climber. Flowers very large, semi-double vivid golden yellow both in bud and open. Foliage dark and glossy; growth very vigorous. Superior in color to Gardenia, Goldfinch, and others of that type, and much hardier than Emily Gray.

Primrose, New hardy yellow climber with double, canary-yellow flowers in great profusion. Lighter than Le Reve and more double. Much hardier than Emily Gray. We believe it is the most satisfactory yellow climbing Rose for the North. It is very new and everyone who has it is enthusiastic over its merits.

LINING OUT EVERGREENS**Once and Twice Transplanted****T Represents Transplants****TT Represents Twice Transplanted**

All of this stock has been once and twice transplanted, producing a good root system. We especially recommend this stock for growing on as it will insure a good stand.

These sizes are the most economical for lining out purposes and make the best returns on your customers' investment. They increase in value each year and there is always a growing demand for evergreens.
